CLEAN AND GREEN CAMPUS POLICY

Vision

- The conservation of our nature can only be guaranteed by a responsible generation.
- Through our eco-friendly and sustainable endeavors and the maintenance of a Green Campus, we aim to create awareness while cultivating a commitment towards nature.

Objectives

- To create an ecofriendly campus.
- To create awareness among the faculty and students about the necessity of sustainable conservation and preservation of nature.
- To maintain an ecofriendly approach in everyday campus activities.

Policy

- Through active involvement of NSS and students, awareness campaigns and cleanliness drives are conducted regularly. Participation of students as well as staff are ensured in such initiatives.
- Competitions like slogan writing, poster making, essay writing, etc are conducted to maximize creative involvement from the students.
- Promotion of 3Rs: Reduce, Reuse and Recycle.
- In assignment submissions and project documentations students are encouraged to use soft binding to avoid plastic files and stick files.
- The construction of new blocks and other infrastructure maintenance are carried out under environmental safety protocols.
- The college maintains strict regulation regarding the use of plastics.

- Food waste and other wastes are properly processed, and reusable waste materials are sent for the recycling process.
- To enhance accountability and to trace the impact of campus activities, periodical assessment of carbon footprint is conducted.
- Dustbins are properly positioned inside and outside the campus to maintain a clean atmosphere.
- Along with the beautiful landscape rich in trees and plants, the college maintains a Miyawaki forest that has more than 300 tree species.
- After lab sessions, computer systems are properly turned off to prevent unnecessary energy consumption.
